Superior Quality Flooring Installation Products for the Commercial Construction Industry
The CHAPCO® brand has the right solutions for all of your flooring installation needs! From our fast-setting surface preparation products to our high-performing adhesives, we provide installers the confidence of superior installations every time. Our advanced quality and low-emitting formulations ensure a better work environment and lasting reliability for our customers.

Since 1939, the CHAPCO® brand has delivered exceptional, dependable performance with every application, and today, we’re still the leader in eco-friendly adhesives and surface preparation solutions.

**Newly Enhanced Premium Adhesives**

The CHAPCO® brand’s high moisture technology adhesives withstand up to 95% RH or 10 lbs. moisture vapor emissions rate (MVER) in a single application! This advanced technology saves time and money by taking the labor out of the moisture mitigation process, over newly poured concrete, containing a vapor barrier with declining values.

**LEED® Support**

The CHAPCO® brand of products is a part of the H.B. Fuller Construction Products Inc. commitment to environmentally sound product development and practices. With adherence to standards set forth by the U.S. Green Building Council’s Leadership in Energy and Environmental Design program, CHAPCO® products contribute to LEED® points and are an integral component in responsible building practices.

**CRI Green Label Plus® Certification**

CHAPCO® products have long held the Carpet & Rug Institute’s Green Label Plus designation. This assures those who use our adhesives that we meet the industry’s most stringent criteria for low VOC emissions, contributing to the health of indoor environments as well as the sustainability of the outdoor environment.

CHAPCO® Flooring Installation Systems
CHAPCO® moisture mitigation products are formulated to provide high-performing and durable solutions while maximizing installation efficiencies for the most demanding floor preparation challenges.

**CHAPCO® DEFENDER EZ™**  
*Moisture Vapor Barrier*  
A one-part moisture vapor barrier that offers an easier alternative over traditional, epoxy-based moisture mitigation products by eliminating waste and labor steps in mixing and priming and often does not require shot blasting. It effectively reduces moisture over damp or new concrete with a moisture vapor emission rate (MVER) less than or equal to 25 lbs. per 1,000 ft² per 24 hours or a maximum relative humidity of 100%, reducing the MVER from 25 lbs. to 3 lbs. per 1,000 ft² per 24 hours. Two coats are required to fully seal the substrate; it quickly dries in as soon as 3-4 hours. Once dry, this product doesn’t require a primer before the application of CHAPCO® surface preparation products.  
**Packaging:**  
5 gallon pail  
Product #7144991569

**CHAPCO’S DEFENDER™**  
*Moisture Vapor Barrier*  
A low viscosity, high penetrating, two-part 100% solids epoxy designed to reduce moisture vapor emission rates from 25 lbs. /1,000 ft²/24 hours and can be applied directly over green concrete (RH 100% or lower). Exceeds ASTM F3010 product requirements for moisture mitigation systems under resilient floor coverings. Less than 0.10 Perm Rating (ASTM E96).  
**Packaging:**  
1 gallon kit  
Product #7099741069
CHAPCO® surface preparation products are formulated to provide high-performing and durable solutions while maximizing installation efficiencies for the most demanding floor preparation challenges.

CHAPCO® MP
Multi-Purpose Primer
An acrylic latex based multi-purpose primer designed for use with the CHAPCO® Self-Leveling Underlayments to improve the adhesion and bond strength of the underlayment to the subfloor. It is easily applied with a brush, roller or broom.

Packaging:
- 1 gallon jugs Product #7050085069
- 5 gallon pail Product #7050081569

CHAPCO® SmoothFinish™
Skim Coat and Leveler
CHAPCO® SmoothFinish is an exceptional performing, high quality, cement-based compound designed to skim coat, smooth and level irregularities from featheredge up to ½”. Rapidly sets to install most floor coverings in as little as 30 minutes. Ideal product for use as an embossing leveler when mixed with CHAPCO® ADDITIVE Acrylic Latex Patch Additive.

Packaging:
- 10 lb. resealable plastic bag Product #3303865369

CHAPCO® QDP PLUS
Fast-Set Deep-Fill Patch
A cement-based underlayment designed specifically for deep fills, ramping, and leveling concrete and plywood subfloors (dry areas only) up to 1½” in a single application. Dries to a walkable surface in approximately 30-60 minutes and may be used outdoors when used with the CHAPCO® ADDITIVE.

Packaging:
- 25 lb. plastic bag Product #7056893069

CHAPCO® 777
Liquid Latex Sealer
This liquid latex floor sealer provides enhanced adhesion and creates a suitable substrate for a variety of floor coverings, including C&A Powerbond products.

Packaging:
- 1 gallon pails Product #7046915069
- 5 gallon pail Product #7046911569

CHAPCO® PATCH
Latex Modified Floor Patch
A fast-setting latex modified cement-based product used to patch and fill irregularities from ½” down to featheredge on wood, concrete and most other existing floor materials. Quickly sets to allow most floor coverings to be installed within 45 minutes.

Packaging:
- 25 lb. plastic bag Product #7155813069

CHAPCO® ADDITIVE
Acrylic Latex Patch Additive
An acrylic latex additive for use as an admixture for selected CHAPCO® floor preparation products, especially when used as an embossing leveler. It is designed to improve adhesive, bond and flexural strengths.

Packaging:
- 1 gallon jugs Product #3315125069

CHAPCO® PREMIUM SLU
Self-Leveling Underlayment
A quick-setting, cement based, self-leveling underlayment designed for use over a variety of substrates with thickness ranges from ¼” up to 1½” in a single application and can be used directly over green concrete (<95% RH). Most finished floor coverings can be applied after 12-16 hours.

Packaging:
- 50 lb. plastic bag Product #7050073169

CHAPCO® STANDARD SLU
Self-Leveling Underlayment
A quick-setting, cement based, self-leveling underlayment designed for use over a variety of substrates with thickness ranges from ¼” up to 1” in a single application and can be used directly over green concrete (<95% RH). Most finished floor coverings can be applied after 24-48 hours.

Packaging:
- 50 lb. plastic bag Product #7051023169

CHAPCO® 350
Contractor Grade Self-Leveling Underlayment
A pumpable/pourable cement based, self-leveling underlayment designed for use over a variety of substrates. The resulting smooth finished surface is ideal for the installation of all types of floor covering, including carpet, ceramic or natural stone tile, resilient, laminate flooring and wood flooring (for interior dry area use only).

Packaging:
- 50 lb. plastic bag Product #7062093169
The CHAPCO® line of premium multi-purpose adhesives are designed for use with a wide variety of flooring materials and substrates and provide excellent performance characteristics. Some formulations are engineered with fast-setting properties and allow for foot traffic within 24 hours.

**Top Gun**
Premium Multi-Purpose Latex Adhesive
A premium multi-purpose adhesive with excellent performance characteristics that offers fast grab technology as a solution for the most challenging methods of installation, including Double-Bond. Ideal for use with carpet backings, such as ActionBac, unitary, woven, hot melt and felt/mineral backed sheet vinyl.

Traffic: Heavy

Packaging:
- 1 gallon pails Product #7047265069
- 4 gallon pail Product #7047261369

**Safe-Set® 154**
Performance Plus Multi-Purpose Adhesive
A solvent-free, multi-purpose adhesive which provides value and performance to install ActionBac® carpet and felt/mineral backed sheet vinyl.

Traffic: Light

Packaging:
- 4 gallon pail Product #7047011370

**Safe-Set® 155**
Multi-Purpose Adhesive
A moderate multi-purpose adhesive formulated to spread easily and provide excellent green strength for carpet and ample open-time for felt/mineral backed sheet vinyl installations.

Traffic: Moderate

Packaging:
- 1 gallon pails Product #7047025069
- 4 gallon pail Product #7047021369
CHAPCO® Cove Base adhesives are the choice of professionals for the most demanding installations. Our formulas have a smooth consistency and are designed to be easy-to-spread, all while creating strong, lasting bonds.

**Safe-Set® 4**
Solvent-Free Cove Base Adhesive
A cove base adhesive developed for use with rubber, vinyl or Thermo-Plastic Rubber (TPR) wall base. The advanced features of this product include a smooth, creamy consistency that’s easy to spread; outstanding wet suction for wrapping corners and a strong, lasting bond.

**Packaging:**
- 30 oz. cartridges Product #7047536269
- 1 quart containers Product #7047535169
- 1 gallon pails Product #704753069
- 2 gallon pail Product #7047531069
- 4 gallon pail Product #7047531369

**Safe-Set® 400**
Solvent-Free White Cove Base Adhesive
A white cove base adhesive developed for use with rubber, vinyl or Thermo-Plastic Rubber (TPR) wall base. The advanced features of this product include a smooth, creamy consistency that’s easy to spread; outstanding wet suction for wrapping corners and a strong, lasting bond.

**Packaging:**
- 30 oz. cartridges Product #7047436269
- 1 quart containers Product #7047435169
- 1 gallon pails Product #7047435069
- 2 gallon pail Product #7047435069
- 4 gallon pail Product #7047431369
CHAPCO® offers a complete line of adhesives designed for a wide variety of resilient floor coverings including economical and premium-grade adhesives. Our resilient adhesives are easy to spread, light in color and offer extended open times.

**Safe-Set® 7**
*Premium Clear Thin Spread Adhesive*
A premium-grade adhesive for the installation of Vinyl Composition Tile (VCT) and asphalt tile. This high-solids formula contains excellent water resistance and offers quick tack, resulting in less downtime.

**HMT:** Up to 10 lbs. MVER / 90% RH

**Packaging:**
- 1 gallon pails  
- 4 gallon pail

**Safe-Set® 775**
*Clear Thin Spread Adhesive*
An economical adhesive used to install Vinyl Composition Tile (VCT) and asphalt tile. This adhesive is easy-to-spread, light in color and dries to a transparent film.

**Packaging:**
- 1 quart containers  
- 4 gallon pail

**Safe-Set® 299**
*Premium Luxury Vinyl Tile Adhesive*
A high-solids, acrylic-based adhesive ideal for use with solid vinyl tile and solid vinyl plank materials. This user-friendly product has an extended open-time (up to 2 hours) to cover more area in a shorter time frame.

**HMT:** Up to 6 lbs. MVER / 82% RH

**Packaging:**
- 1 gallon pails  
- 4 gallon pail

**Safe-Set® 321**
*Sheet Vinyl Adhesive*
This sheet vinyl adhesive is specifically designed for mineral-backed materials. This light-colored formulation offers an extended open-time for pattern match goods.

**Packaging:**
- 4 gallon pail

**CHAPCO® 776 RollFast™**
*Vinyl Flooring Adhesive*
A vinyl flooring adhesive that allows you ease of use, to roll through flooring installations fast and effectively. This adhesive is ideal for vinyl tile, vinyl plank and solid vinyl sheetgoods.

**Packaging:**
- 1 gallon jug  
- 4 gallon pail

**CHAPCO® 778 TrowelFast™**
*Vinyl Flooring Adhesive*
A vinyl flooring adhesive that allows you ease of use throughout flooring installations fast and effectively. This adhesive is ideal for vinyl tile, vinyl plank and solid vinyl sheetgoods.

**Packaging:**
- 3.5 gallon pail

**Safe-Set® 231**
*Vinyl Plank & Luxury Vinyl Flooring Adhesive*
This solid vinyl adhesive is a unique, wet-set, one-part product, offering the strength of a two-part. Once cured, this adhesive develops a tough film to hold the most difficult of vinyl floorings and is to be used over porous substrates only.

**Packaging:**
- 1 gallon pails  
- 4 gallon pail

**CHAPCO® 752**
*Premium Transitional Vinyl Adhesive*
A solvent-free, acrylic latex adhesive with an aggressive initial tack formulated for the installation of LVT plank and fiberglass back sheetgoods. This high strength adhesive is made for installations over porous and non-porous substrates. CRI Green Label Plus certified, is SCAQMD 1168 compliant and contributes to LEED®.

**Packaging:**
- 4 gallon pail
CARPET ADHESIVES

CHAPCO® carpet adhesives are designed to meet the special needs of a wide range of carpet types including hard to bond, rigid and woven-backed carpets.

**Safe-Set® 3**
*Premium Carpet Adhesive*
A premium carpet adhesive specifically designed with extremely fast grab to hold down the most rigid backings. The high solid formulation provides a tenacious bond and is ideal for Double-Bond installation. The ultimate choice for quick turnaround solutions throughout all commercial installations.
- **HMT:** Up to 8 lbs. MVER / 86% RH
- **Traffic:** Heavy
- **Packaging:** 4 gallon pail
- **Product #** 7047231369

**Safe-Set® 475**
*Premium Carpet Adhesive*
A high tack, fast grab carpet adhesive formulated for tough, stiff unitary and woven-backed carpets.
- **Traffic:** Heavy
- **Packaging:** 4 gallon pail
- **Product #** 7047241369

**Safe-Set® DB 902**
*Double-Bond Carpet Adhesive*
This adhesive was particularly designed for the Double-Bond method of installation. The best choice for use with Axminster and Wilton carpets. Extended open-time allows for critical pattern alignment when long breadths of carpet are involved.
- **HMT:** Up to 8 lbs. MVER / 86% RH
- **Traffic:** Heavy
- **Packaging:** 4 gallon pail
- **Product #** 7216731369

**Safe-Set® 975**
*Wet-Set Carpet Adhesive*
A premium, high solids carpet adhesive for all closed cell carpet backings. The Wet-Set method of installation provides an excellent wet suction, a quick installation, and no down-time.
- **HMT:** Up to 8 lbs. MVER / 86% RH
- **Traffic:** Heavy
- **Packaging:** 4 gallon pail
- **Product #** 7047481369
Safe-Set® 2
Releasable Pressure Sensitive Adhesive
A pressure sensitive releasable adhesive is designed for a variety of vinyl and renewable backed carpets. Persistent tack to grip carpet tile during installation, yet releaseable to allow for ease of replacement. The formulation is acrylic latex-based for exceptional resistance to plasticizer migration. This enhanced formula ensures adhesion for the most demanding recycled backings.
HMT: Up to 10 lbs. MVER / 90% RH
Traffic: Heavy
Packaging: 1 quart containers Product #7047365169
1 gallon pails Product #7047365069
4 gallon pail Product #7047361369

Safe-Set® 10
Carpet Pad Adhesive
A solvent-free adhesive intended for the specific use to adhere carpet cushions to most substrates. When properly applied in a thin coat, this adhesive cures as fast as the traditional solvent-based products.
Packaging: 1 gallon jugs Product #7047445069

Safe-Set® 90
Ceramic Tile Adhesive
A premium, white acrylic-based adhesive ideal for setting ceramic/mosaic and non-lugged quarry tile, no larger than 8” x 8”.
Meets ANSI A 136.1:Type I Specification.
Traffic: Heavy
Packaging: 1 gallon pails Product #7047375069
3.5 gallon pail Product #7047371269

CHAPCO® 305
Wall Carpet Adhesive
A high initial grab, fast set adhesive with a strong final bond.
Packaging: 4 gallon pail Product #7047351369

Safe-Set® 11
Indoor/Outdoor Carpet Adhesive
A solvent-free, non-flammable, low odor and highly water-resistant adhesive used for installing indoor/outdoor carpet.
Packaging: 1 gallon pails Product #7047215069
4 gallon pail Product #7047211369

CHAPCO® specialty adhesives are formulated to meet the unique needs of the installer and are environmentally friendly, solvent-free, low-odor, non-flammable and safe to use in buildings, schools and assisted living facilities.
Safe-Set® 602
Pressure Sensitive Releasable Spray Adhesive
A spray-grade pressure sensitive releasable adhesive designed for a variety of vinyl backed carpets and carpet cushions for the Double-Bond installation method. It also ensures adhesion for the most demanding recycled backings. This formula can also be used for roll-on applications.

HMT: Up to 10 lbs. MVER / 90% RH
Traffic: Heavy

Packaging:
5 gallon pail
Product #7047281569

Safe-Set® 607
Premium Spray Adhesive
A premium, permanent, spray-grade adhesive formulated for the installation of Direct Glue-Down carpet, Double-Bond carpet and Vinyl Composition Tile (VCT).

HMT: Up to 10 lbs. MVER / 90% RH
Traffic: Heavy

Packaging:
5 gallon pail
Product #7047391569

CHAPCO® sprayable adhesives are ideal for a wide variety of large commercial installations. Our sprayable adhesives ensure adhesion to the most demanding backings and substrates, including recycled backings.

SEAM ADHESIVES

CHAPCO® 29
Seam Sealer
A solvent-based seam sealer designed to prevent seam edge ravel and is to be used with the glue-down seam construction only.

Packaging:
8 oz. squeeze containers
1 quart containers

Product #7065245969
Product #7065245169

Coverage: Approximately 160 lineal ft. per 8 oz. bottle

CHAPCO® 31
Universal Seam Sealer
A universal, latex based, non-flammable adhesive specially formulated for sealing seams, as well as preventing seam edge ravel. Ideal for use with glue-down and hot melt seam construction.

Packaging:
8 oz. squeeze containers
1 quart containers

Product #7048275969
Product #7048275169

Coverage: Approximately 160 lineal ft. per 8 oz. bottle
WOOD ADHESIVES

CHAPCO® wood adhesives are designed specifically for moderate and large commercial wood flooring installations. Our adhesives provide suitable solutions for use with a wide range of solid and engineered flooring.

CHAPCO® WOODPERFECT™
Advanced Performance Wood Flooring Adhesive
It delivers one-step moisture control, strong initial grab, sound deadening and crack bridging capabilities in an installer-friendly, lightweight formula that’s easy to apply and easy to clean.
Packaging:
4 gallon pail Product #7183181369

CHAPCO’S CHAMPION™ 255
Urethane Wood Adhesive
An easy-to-spread, low-odor, one-part moisture cure urethane adhesive for installing bamboo, cork, and solid wood flooring. Its unique, 100% solids, formula provides excellent bond strength and elasticity that remains flexible as the floor expands and contracts.
Packaging:
5 gallon pail Product #7150781569

CHAPCO® 244
Acrylic Urethane Wood Adhesive
A high-solids, acrylic urethane, wood flooring adhesive designed specifically for the installation of engineered wood plank or parquet, on or above grade.
Packaging:
1 gallon pails Product #7047545069
4 gallon pail Product #7047541369

CONTACT ADHESIVES

CHAPCO® 808
Contact-Type Adhesive
A fast tack, fast grab, low soak-in aerosol spray adhesive specifically designed to bond a wide variety of materials, including carpet and carpet cushion repairs.
Packaging:
20 fl. oz. aerosol cans Product # 7065235569
Net Weight 14 oz.

CHAPCO® 818
Contact Adhesive
A premium, high-strength, heat-resistance adhesive used for adhering vinyl/rubber molding to suitable substrates.
Packaging:
16 oz. cans Product #7065215969
1 quart cans Product #7065215169
1 gallon cans Product #7065215069
