

Our Focus on the Environment

TEC® products, like all other H.B. Fuller Construction Products brands, are developed and manufactured with the environment in mind. Our goal is simple: Develop products that balance sustainability, usability, performance and value.

Category and Products	Manufacturing Location						Percent Recycled Content		VOC Content	
	Palatine, IL	Aurora, IL	Dalton, GA	Edison, NJ	La Mirada, CA	Grand Rapids, MI	Pre-consumer	Post-consumer	g/L less water	Percent*
Surface Preparation

CRI Green Label Plus® Certification
 CHAPCO® products have long held the Carpet & Rug Institute's Green Label Plus® designation. This assures those who use our adhesives that we meet the industry's most stringent criteria for low VOC emissions, contributing to the health of indoor environments as well as the sustainability of the outdoor environment.

LEED® Support
 The CHAPCO® brand of products is a part of the H.B. Fuller Construction Products Inc. commitment to environmentally sound product development and practices. With adherence to standards set forth by the U.S. Green Building Council's Leadership in Energy and Environmental Design program, CHAPCO's products contribute to LEED® points and are an integral component in responsible building practices.
